Administrative directive – 2021-03

Target Committee: None

Target clubs: Highland Lynx/Highlander Canada

Target audience: Highland Lynx breeders in Canada
Chats Canada Cats' Registrar

Whereas the Board of Directors accepted the Highland Lynx breed as an Evolving Breed on January 14, 2014

Whereas in order to properly document the evolution of this breed, the Board of Directors asks breeders to complete the *HL Cat Description* form for each registered cat/kitten. This must be checked and signed by a veterinarian to be accepted

Whereas in order to allow breeders an easier registration transition, the Board of Directors has allowed a waiver of the obligation to sign a veterinarian, for breeding cats, until December 31, 2016

Whereas the Board of Directors has accepted a first extension of this exemption until December 31, 2019

Whereas the Board of Directors has accepted a second extension of this exemption until December 31, 2019

Whereas the Board of Directors has accepted a third extension until December 31, 2021

/...2

On November 4, 2021, the Board of Directors of the Chats Canada Cats allows a last and final exemption as to the requirement of a verification and signature of a veterinarian for the *HL Cat Description* form for imported breeding cats until 31 December 2024.

By this directive, the Board of Directors wishes to allow easier transfers of registrations for breeders, but issues a limit to the extension of this exemption.
