Conversation between the judge, ring staff, show committee, fellow judges, and exhibitors shall be general in nature except as is allowed under these rules.

22.2 An appropriate business attire is required for judges. They can also wear a smock.

22.3 All awards and decisions shall be based upon strict adherence to the written Standards and Show Rules of CCC and shall be recorded in the judge's book, together with all absentees and transfers.

22.4 Judge may NOT handle more than two hundred (200) entries in one day.

22.5 Any cat owned, co-owned, or bred by a judge or any member of the judge's family may not compete in that judge's ring.

22.6 A judge may, through the appointment of an agent, show his/her cat(s) in other rings where he/she is judging.

22.7 Judges are prohibited to solicit entries for any show at which they will be officiating, nor transport to the show hall entries that they may be judging or accompany exhibitors to the show hall.

Members of the judge's family may not place entries in that judge's ring, nor may any entries which have been in the judge's care within three (3) months prior to the show date be entered in that ring.

22.8 A judge exhibiting at a show that is called upon by the show committee to fill an emergency vacancy shall have all entry fees refunded and his entries placed on EXHIBITION ONLY. If he/she desires, an agent may also be found and appointed for his/her

entries. In this case entry fees will not be refunded and only half of the judging fees will be reimbursed.

- 22.9 Awards shall be **WITHHELD (W/A)** and so noted in the judges' book in all cases where an entry fails to score 90/100 or more points; or where disqualification is called for a special fault as set out in the written standards.

The entry "**Disqualified**" may be made only as it is set out in articles 22.10 and 22.11. In all other cases, it shall be recorded in the judges' books as a "**W/A**" (Withhold Award) and shall not receive any ribbons or awards.

Following three (3) such withholds, the registrar shall notify the owner that his cat can no longer be entered in CCC shows. (See also 4.9 and 4.10).

- 22.10 All entries must be handled by the judge in the judging ring. Any cat too nervous or intractable for handling must be disqualified if the owner or agent is, at the judge's request, unable to calm the entry and place it on the judging table. Judges shall enter in their books, "**DUH**" (Disqualified, Unable to Handle). **This cat may be entered in other rings without penalty.**

- 22.11 In cases where an entry, without provocation attacks a judge or other person within the ring area, the entry shall be deemed to be vicious and shall be disqualified. The judge shall enter in the judge's book, "DV" (Disqualified, Vicious), and shall advise the owner that the cat cannot be entered in any other rings at that show.

The judge shall then notify the show manager of the cat's number so that the rest of the rings may be advised; and shall record the cat's number on the Disqualification Sheet.

Following one (1) such report, the registrar shall advise the owner and all CCC Clubs that this cat may **NO LONGER** be entered in CCC shows.

- 22.12 A judge may disqualify any entry whose owner or agent draws undue or specific attention to himself or his entry when taking the cat in the judging ring or at any time while the judging is taking place. Judges shall enter in their books, "DLE" (Disqualified, Lack of Etiquette). This cat may be entered in other rings without penalty.

The matter will be forwarded to the Ethics and Discipline Committee.

22.13 The entry "NFA" (No Further Awards) may be placed in the judge's book where the judge feels an entry is not being shown at its best and may be awarded rather than a W/A which might preclude further showing of the entry at CCC shows. The judge will not award any ribbons and shall record "NFA" in his book and on the disqualification sheet stating the reason.

Note: This designation will not be recorded in the CCC cat file.

22.14 When a judge discovers that a cat has fleas, ear mites, fungus, or purulent discharges from the eyes they shall "NFA" the entry and notify the show manager. The show manager will ask that the cat be removed from the show hall.

22.15 When a judge discovers that an entry has been incorrectly placed as to sex or color, the entry shall be transferred to its correct class with permission of the owner. Should this class already been judged in this ring and closed, the entry **WRONG CLASS** shall be made in the judge's book and on the change of classification form, with the owner's signature. No wins can be claimed until the change has been made officially to the registrar.

22.16 If a cat has received an award or title in the wrong color class OR has been incorrectly registered using a color name from another association which is not used at CCC (i.e. Torbie); upon initial discovery of the error the owner/agent may transfer the cat to the correct color class without losing award or title. A cat is allowed only ONE color transfer without penalty, after which if another color change is made on the same cat, the cat would be required to compete as an OPEN in the new color and re-earn any titles.

22.17 No win or title can be claimed until the color change has been made officially to the master clerk and, after the show, with the CCC office.

22.18 If a cat does not meet the color or pattern of the written standards, the judge may, after consultation with owner/agent, transfer the cat to the A.O.V. class or to the correct class.

If an entry is in a breed class which does not allow A.O.V. colors (i.e., Abyssinian), the judge shall not hang any ribbons and will record the entry as DISQUALIFIED (DQ) in his book.

22.19 When an obvious error is made in placing an award prior to the completion of finals, the clerk should be so advised and in turn, the judge shall make the correction. If the error is found after the close of the show, the registrar shall take such steps as are required to correct this matter, including the return of trophies, ribbons and awards. If the rightful winner can be determined the award shall be so placed; otherwise, it shall remain vacant.

22.20 Judge's book sheets shall be detached from the judge's book as each class is completed. They shall be signed by the judge in ink, checked and initialed by the officiating clerk and the entries made in the clerk's catalogue checked prior to being handed to the master clerk.

22.21 Judges shall record the names of their clerks on the inside front cover of their judge's book and NCR final sheets.

22.22 Documents, such as signed Judges' Books, Disqualification/Change of Classification Sheets, Clerking evaluation sheets and Final Sheets must be completed and placed in an envelope provided by the club that will be sealed by the judge (with the judge's signature over the seal) and given to the master clerk or other appointed person.

The show secretary shall mail the sealed envelopes to CCC Head Office within forty-eight (48) hours of the close of the show.

22.23 Judges may solicit information from their clerks as to the age, sex, color or class of any entry, but at NO TIME prior to or during the show may a judge have access to a catalogue.

22.24 Judges are not required to discuss awards with exhibitors, but may do so in private following the completion of the show if time permits and such discussion is felt to be beneficial to the owner.

A judge, when discussing an entry with the exhibitor, should maintain a professional and polite demeanor.

22.25 If a judge experiences an unpleasant confrontation with an exhibitor regarding his/her decisions as an officiating judge he/she

may ask for the show manager's assistance. Afterward, he/she may file a written complaint to the Ethics and Discipline Committee.

The Ethics and Discipline Committee will investigate the complaint and if they decide the complaint is justified their observations and decisions will be transmitted to both parties.

22.26 All cats entered for competition must remain during the advertised hours of the show, unless given permission to leave by the show committee. If during finals, the judge finds that one of the cats has indeed left the show hall during the advertised hours of the show **WITHOUT PERMISSION** of the show committee, the judge must then bring up another cat for the vacated position in the finals.

22.27 All cats called to a judge's ring for a final must have its own cage.

22.28 Judges cannot leave show site at the end of the day without the master clerk authorization. The master clerk will give authorization after verification of the judges' documents.

23. Protest

23.1 Any exhibitor raising a doubt as to the authenticity of a cat entered in competition may, on site, by completing a form provided by CCC and paying related administrative fees, ask for verification of the microchip number.

The manager will proceed as soon as possible, on site, with the verification of the microchip number.

If the number on the microchip transponder is unreadable or does not correspond with the number on the certificate, the show manager may decide to have the cat removed from the show. Administrative fees will then be reimbursed to the plaintiff. The form must be completed by the club and sent to CCC Head Office with show results.

If the microchip numbers correspond, administrative fees will be kept by the club.

23.2 Clubs are free to proceed with random verifications of the microchips of one cat or a group of cats.

- 23.3 Any exhibitor, club member or club can file a complaint following an incident on show sites according to CCC current procedure as outlined in the Policies and Procedures Manual.

Exhibitors and members of the show committee must not receive verbal complaints.

24. Violation of rules, policies and procedures

- 25.4 The Championship Class is for cats who became champions (received 4 "Winner" ribbons) under at least three (3) different judges officiating at CCC shows. The same applies for Premiers and Good Citizens.

- b) Cats by color.

25.10 All cats in the OPEN class having received four (4) "Winner" ribbons from at least three (3) different judges and not having received a W/A from at least three (3) different judges will be awarded the prefix "Champion" as soon as the Championship certificate has been claimed and sent by the CCC registrar.

The Third Best Grand Champion will receive **two points fewer** than the Best Grand Champion.

The Fourth Best Grand Champion will receive **three points fewer** than the Best Grand Champion.
