

HAVANA BROWN

The Havana Brown has a unique look due to its distinctive muzzle shape, unique colour and its large, forward tilted ears. It is a highly intelligent cat showing a great desire for human companionship and attention.

I – BODY/CONFORMATION (30)

(10) BODY – Body should be medium in length, firm and muscular.

(5) NECK – Neck should be medium in length, in proportion with the body.

(10) LEGS & FEET – Legs and feet are proportioned with the body. Hind legs are slightly higher. Paws are oval.

(5) TAIL – Medium in length, slender, neither whip-like nor blunt, tapered at the end.

II – HEAD (35)

(10) FULL FACE – The head should be longer than it is wide, narrowing to a rounded muzzle with a whisker break.

(10) PROFILE – There is a distinct stop at the eyes. The end of the muzzle appears almost square. This illusion is heightened by the well-developed chin, the profile outlined of which is more square than round.

(5) WHISKERS – Brown, being the same shade as the coat.

(5) EARS – Large, round and round-tipped with very little hair inside and out. Ears are widely set but do not flare. They are pricked slightly forward.

(5) EYES – The eyes are oval.

III – COAT TEXTURE/LENGTH (10)

The coat is medium in length, smooth and lustrous.

IV – COLOUR (20)

(15) COLOUR – A shade of rich, warm mahogany brown. Entire coat should be the same sound shade of brown to the skin. Nose leather must have a rosy tone. Paw pads are pinkish rose in colour.

(5) EYE COLOUR – Chartreuse green, preference is given to deep, even and brilliant colour.

V – CONDITION & BALANCE (5)

The cat when viewed as a whole, gives a totally well balanced appearance. Coat must be glossy. Eyes must be clear.
